

Thank You from PA on the Way for a great 2008

PA ON THE WAY

What a Year!

Greetings!

Can you believe that Christmas is this week? Can you remember where you were this time last year with your business? Can you see how far you have moved in an upward direction?

I would like to thank everyone that I have met this year. Most of you are still receiving our newsletters which is really encouraging from my point of view. I have met some really amazing people this year and without them the business would not have changed shape and heading in the direction it is as at 19th January, 2009.

To all of our clients thank you for your continued support. Your support of PA on the Way is invaluable and it is what keeps me pushing to become better at everything we do.

To all the contacts I have made this year thank you for sharing your time, knowledge and interests with me. Each of you that I have had the pleasure to have a chat with or that wonderful coffee with has provided me with ideas, information and the passion to move forward to enable our team to grow stronger every day.

To my family both immediate and extended thank

**Thank you
all very much
for your
support**

you. My husband and children have gone through the ups and downs with me this year. Thank you for your belief in me, our team and PA on the Way in general. I could not have done this without you.

To this amazing team at PA on the Way, thank you for the hard work. Without you we would not have supported as many clients this year, provided the exceptional service and become better with each and every step we take.

To my friends, thank you for your supported in the tough times and those who have been there to give me that kick up the behind that has kept it all going. This has meant so much to me and your continued belief is worth so much.

So that leaves me with the most exciting news of the year. We are opening an office in North Sydney on the 19th January. What will this mean to our client and potential clients? Well, we will be able to support you with many other services which will make your business easier to function and your life more flexible. Watch January's newsletter for all the details. There is so much planned for the New Year that the excitement can be a little too much at times.

Mind you if you want to know before January, what is happening give me a call or drop me an email and I will willing chat to you about it.

May all your hopes and dreams come true this time of year and as we spend the time to treasure our family and friends remember to take that break and come back in 2009 ready to hit the road running.

Please contact me on sarah@paontheway.com.au or 0407 705 058. We look forward to supporting you at this busy time of year.

Best wishes,

Sarah O'Reilly
